Cari Luca + Alba

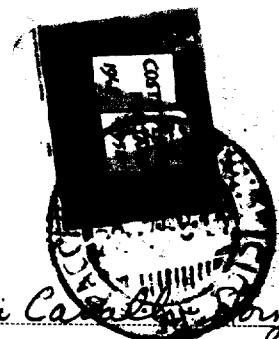

I'm staying at a pensione in Via Margutta for this + next week as the heart of my stay in Italy. The bizantine coast + firenze were so marvelous that it's difficult to choose between them for next year. Delivery schedules

for a Vespa were awkward at Genova so I'm traveling by 2<sup>nd</sup> class ferrovie and liking it.

Thanks for your help + hospitality in Milan and best wishes. Seymour

P.S. Could you again inquire of the Milan R.R. station if a 'Republ camera' was found between Lucerne + Milan?
