Dear Professor Lederberg,

I heard from Dr. Kageyama that he will be accepted in your laboratory from Sep. 1963. He will be quite happy to work under your guidance from 1963. I am very glad too to keep him one year more in my laboratory. (1)

Now I am planning to visit your country next May. I shall be very glad to see you in your laboratory. (2)

My best regards to
Mrs. Lederberg.

Yours sincerely
H Egami
