

THE JOHNS HOPKINS UNIVERSITY  
BALTIMORE 18, MARYLAND

WILLIAM PRATT INSTITUTE  
INVESTIGATION OF  
MICRONUTRIENT ELEMENTS

January 30, 1952

Dr. J. Lederberg  
Dept. of Bacteriology  
University of Wisconsin  
Madison 6, Wis.

Dear Dr. Lederberg:

I am enclosing a tentative program of our second Phosphorus Symposium, which will be held at the University on June 16, 17, 18, and 19, 1952. We would like to invite you to attend and participate in these meetings.

As you may know, we usually publish the proceedings of our symposia, and we hope that if you have any material that you would like to include in the publication, you will submit it to us. I think it is obvious from the program that time would not allow for an extensive oral presentation, but we hope that you will feel free to mention the pertinent facts during the discussions which follow the papers on the program.

The Institute will take care of the hotel and food expenses while you are in Baltimore. We hope very much that you will be able to participate, and I would appreciate hearing from you at your earliest convenience as to whether you plan to attend.

Sincerely yours,

*Bill*
