Prof. Dr. J. Lederberg  
Dept. of Genetics  
University of Wisconsin  
Madison / Wisc.  
U S A

Dear Prof. Lederberg:

For several weeks I tried to isolate a chloramphenicol resistant mutant of E. coli B, but did not succeed.

I should like to ask you, whether you possess such a mutant<sup>\*</sup> or another one of E. coli that propagates phage T 2 or other T-phages. Would you be so kind as to send me this mutant?

Thanking you for your troubles connected with it I remain

yours truly

*H.A. Rosenthal*

(H.A. Rosenthal)

*\* I do not but I suggest you consult Dr. Cavalli:*
