Dear Joshua Lederberg,

Enclosed please find the Faber Foundation medal No 81.

As the arrangements the Foundation made with Hotels and Airlines are quite new, please show a little patience, for a few years you may encounter reception clerks and Airport personal who have never heard of the Foundation nor of the benefits accorded you. Please also have your Faber Foundation folder with you, which shows when and with whom arrangements were made. Do not hesitate to inform us of any difficulties you may encounter. We also welcome any suggestions for new or improved services.

FABER

Sincerely yours

Aksel Faber

P.S.: Please paste the enclosed correction in the Hotel folder under Rome.

The American Express after Airlines.
