Dr. Joshua Lederberg  
Department of Genetics  
University of Wisconsin  
Madison, Wisconsin

Dear Dr. Lederberg:

I have now had opportunity to go over the reprint on bacterial variation which you sent me some weeks ago, during my prolonged absence from the Laboratory. I find it very interesting indeed, and I am wondering if you could send me a reprint of your paper listed as No. 54 in the Bibliography? I don't seem to have encountered this one before, and it certainly sounds interesting.

Thanking you very much indeed, and trusting that I shall see you in Baltimore next week, I am, with kindest personal regards,

Sincerely yours,

A handwritten signature in cursive script that reads "Ralph R. Mellon".
