UNIVERSITY OF WISCONSIN  
MADISON 6, WISCONSIN

January 29, 1958

Dr. Joshua Lederberg  
202 Genetics  
University of Wisconsin  
Madison 6, Wisconsin

Dear Josh:

Of course, I'll be pleased to publish your astronomical <sup>-logical?</sup> comments in the next issue of Bacteriological News. It was pleasant to read them and I wouldn't think of attempting any comments.

Evidently you sent Perry a copy, and he came in with an idea for a new committee. I believe he is going to answer you separately.

I can arrange for reprints from Bacteriological News if you would like them. Be sure and let me know how many you want well ahead of time; that is to say, around the early part of March.

Sincerely yours,

*Mike*

E. M. Foster  
Secretary
