Dr. Joshua Lederberg
Professor of Genetics
Stanford University Medical School
Palo Alto, California

Dear Dr. Lederberg:

I have just read your Nobel lecture, "A View of Genetics." I would be guilty of oversight if I neglected to tell you that it is the most inspiring piece which I have ever read. It would give me great pleasure to receive a reprint of it autographed by you.

Sincerely yours,

T. J. Greenwalt
T. J. Greenwalt, M.D.
Medical Director
