Dear Josh,

I will be very grateful for sending me a reprint of your review in *Physiological Reviews*.

I read it yesterday and was very happy to see that our points of view have considerably converged. You will see that when a little book of mine on "Nucleo-cytoplasmic relations in Microorganisms" (a result of three lectures given last May in Birmingham), which is presently in press at the Clarendon Press, Oxford, appears.

With kind regards to both of you from both of us,

Sincerely,

Boris EPHRUSSI
