Dear Josh,

Dr. Davies and I will come up on Friday and return Saturday evening. Please get each of us a single room for the night of Friday, February 20th. If nothing is available on the campus, I imagine that the President Hotel would be convenient.

Davies says that he can charge his expenses to the laboratory. His address is: Dr. Richard Davies, Jet Propulsion Laboratory, Pasadena, Calif. I think he will be a valuable asset to the discussion, since he knows something about payloads and packaging. (His telephone extension at the Laboratory, in case you ever want to call him, is 544).

I would appreciate it if you would ask your secretary to call Wilbur Hall, the freshman dorm, and leave a message for my son, Joel. Tell him to call me at the President Hotel--or wherever you get me a room--at about 7:15 P.M., Friday.
