Department of Genetics,
University of Wisconsin,
Madison 6,
Wisconsin, U.S.A.

Dear Dr. Lederberg,

As promised, I am now
sending you a culture of Salmonella typhi-
murium C41 which is an indicator for the
phage present in 1404. It is a very weak
phage indeed and sometimes fails to show
up at all.

Yours sincerely,

J.S.K. Boyd.
