*Hilary*

Dear Hilary:

How about the week April 26- May 2, or terminating a day or two earlier if you must shorten the visit. If you arrive Friday, you might stay over with us Friday night; we would then take the weekend off somewhere together; then have all of MTW for various business to talk over; you could leave again sometime on Thursday and be able to manage your lecture on Friday May 3.

This would be an excellent schedule from all standpoints, and we do hope you and Irene can manage, it.

I hope Nice was more pleasant than the last time I was there--snow! As ever

*Joshua*
