Dr. Joshua Lederberg
Department of Genetics
Stanford University
Palo Alto, California

Dear Joshua:

I have sent you a box of bacilli from my stocks and Dr. Sarles'. Others in the Department had promised cultures but never came through, so I thought I better send what I had. Dr. Sarles has prepared a sheet of histories of his cultures. I did not do so but put the source including official strain numbers directly upon the labels of my cultures. If you become interested in any one and need more information I may have it for you later.

You and Esther are very lucky to be out of our recent winter weather. Please give my greetings to her.

Sincerely,

Elizabeth McCoy
