University of Wisconsin
Madison, Wisconsin

Dear Joshua:

I was exceedingly sorry not to see you at the Cold Spring Harbor meetings. I think I understand the situation completely and am entirely sympathetic with the way you felt. The meetings were extremely good, *but* your absence was strongly felt. I am sending you a copy of the paper which I presented there. If you get time, I would very much like to get your reactions to it.

I would like to begin trying to set up the arrangements for you to come out here next year, to give the course on Microbial Genetics. I am going to initiate action to raise the necessary funds. If I am successful, would you be able to make it during the month of June?

With every good wish to you and your wife,

Ted
