KRAPER

I don't know whether you  
 people are in the country or  
 not, but I'm willing to risk  
 20 Dutch cents on it. Will  
 go just you're going to stay in  
 Madison. Note the modern  
 sculptures on this theater in the  
 new (10 yr old) town of Emmeloord.  
 We stopped here Sunday on a 2-day  
 trip to see the Zuiderzee dyke & the  
 new polders created as a result of  
 it. Simply incredible! "God made  
 the rest of the world, but the Dutch made  
 Holland" is a very apt justification. Ken + Soucie Paper
