.....Pathology.....

Joshua Lederberg, Ph.D.
Department of Genetics

Dear Dr. Lederberg:

If you, or members of your department, wish to review a book for the Stanford Medical Bulletin, give me the title, author, and publisher, and I'll attempt to obtain a copy. The reviews should be thorough and critical. The copy becomes the property of the reviewer.

Sincerely yours,

L.J. Rather, M.D.
Editor, Stanford Medical Bulletin

Rather, L.
