Docteur R. WAHL

Chef de Laboratoire
Institut Pasteur

Paris, le 24th March 1952

Dear Dr Lederberg,

Thank you for your letter of March 21, and for your suggestion of examining your mutant r_2 , which I should be really interested to do, as well as the three phages T_5 , T_1 and T_2 .

I think that I have already sent you reprints of the two first papers of this series, and I will certainly send you the two others as soon as they will be available, and I shall be very to receive your very interesting publications.

Yours sincerely

Ryahl
