Dear Bill:

Dave Bazelon and I caught sight of you bicycling to work along the Potomac Thursday morning, but that was no place to greet you again.

I did just want to say how much I enjoyed meeting and talking with you, and that I would greatly appreciate it if you can find the time to come out to Stanford as I mentioned to you earlier.

Thank you also for the documentary material that you sent me. I notice so far it is all labeled 1966, and I am eager to get to read it before the final 1967 and 1968 outputs come in too.

Sincerely yours,

Joshua Lederberg
Professor of Genetics
