Dear Pete -

I have to admire a good show - which is what you put over under less than ideal circumstances. Last night was not what I would have organized for the rational exploration of concrete problems!

Much of the audience was of high school age, and was more deeply ensnared in doctrinaire socialism than I would have expected. I guess the generational revolt in the USSR takes a precisely complementary form!

Went the N.Y. Times - by coincidence I had just mailed off the attached.

Sincerely,

John
