LEWIS G. ODOM, JR.,
STAFF DIRECTOR AND GENERAL COUNSEL

March 26, 1968

Dr. Joshua Lederberg
Department of Genetics
Stanford University School of Medicine
Stanford Medical Center
Palo Alto, California 94304

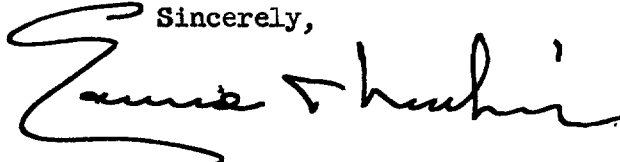

Dear Dr. Lederberg:

Thank you for sending me your testimony of March 8 before the Senate Subcommittee on Government Research of the Committee on Government Operations.

Your testimony is extremely interesting and incisive; I appreciate your comments on my S. Res. 68 to establish a Select Senate Committee on Technology and the Human Environment.

May I say that your weekly column in the Washington Post is certainly a positive contribution to the welding of science and public policy. It is through men like you that we will hopefully reach the stage of an informed Congress, an informed scientific community and an informed public.

Sincerely,

Edmund S. Muskie
United States Senator

MUSKIE
