Dear Dr. Olby

It turns out that Friday ~~January~~ 12 is not a very good day for us to have a relaxed conversation; but I would be free from 9-10 and 12-2, and perhaps late in the afternoon. Thursday afternoon and evening would be far more open: could you make it then? or ~~XXXXXX~~ Monday the 15th; or perhaps for a while on Saturday the 13th?

I will try to call you in NY on the 10th; but if you get this I suggest you try the converse also to give the most notice possible in fixing our plans.

Looking forward to seeing you,

P.S. You can also reach me at home, 415-321=2764 at any hour from 0800 to 2300.

OLBY, ROBERT
