P. O. BOX 5061  
EVERETT, WASH.  
98206

OCTOBER 17, 1975

DEAR DR. LEDERBERG,

I AM GOING TO INSTRUCT COMMERCIAL FISHING, AND AQUACULTURE IN THE PACIFIC N. W. THIS COMING YEAR.

THE BREAK-THROUGH IN GENETIC ENGINEERING THAT YOU HAVE BEEN ENGAUGED IN PROMOTES SOME HIGHLY INTERESTING POSSIBILITIES FOR AQUACULTURE, DEALING WITH SHELL FISH&FISH.

WHATEVER INFORMATION DEALING WITH THIS PARTICULAR SEGMENT OF GENETICS WOULD BE MORE THAT WELCOME, IN ORDER TO MAKE THIS A SUCCESS WITHIN RESON TO PRODUCE BETTER QUALITY&QUANTITY SEAFOODS TO HELP EASE THE MOUNTING FOOD SHORTAGES WE ARE FACING THROUGHOUT THE WORLD TODAY.

IN ORDER TO QUALIFY FOR THE TOTAL FUNDING, A SMALL STAFF&MYSELF WILL DO A SURVEY&STUDY FOR A PERIOD OF THREE MONTHS BEFORE FULLY STAFFING, AND GOING INTO OPERATIONS.

WE PLAN A BROAD SCOPE OF TRAVEL IN ORDER TO ASSEMBULATE DATA&INFORMATION, METHODS, PROCEDURES.

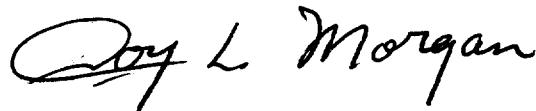

AT PRESENT THERE IS NO PROGRAM IN THE U. S. COVERING THE TOTAL SCOPE OF THIS PROGRAM.

A MARINE BIOLOGIST WILL BE WITH US IN THIS PROGRAM, STATING WITH THE SURVEY& AS ONE OF THE PERMANENT STAFF .

I WILL CLOSE FOR NOW, AND HOPE FOR SOME RESPONSE.

SINCERLY YOUR'S,

ROY L. MORGAN
