Dr. Joshua Lederberg
Department of Genetics
Stanford University School of Medicine
Stanford Medical Center,
Palo Alto, California 94304

Dear Dr. Lederberg,

thank you very much for your letter of July 24th. We have now some rather good indirect evidence that the CD_3T we observe is really thymine. However, I am going to write to Dr. A. L. Burlingame and try to get the high resolution analysis.

Sincerely yours,

Eduardo Scarano
