

AIDS lecture November 19, 1987

Remarks

By

C. Everett Koop, MD, ScD  
Surgeon General  
Of the  
U.S. Public Health Service

Presented to the republicans Associated for Mutual Support  
Washington, DC  
November 19, 1987

---

It had been only two days since I had spoken to a public audience on AIDS and pushed, as I was for new material, I presented to this group essentially the same lecture I presented to the Health Department Leadership and Community Response Conference on AIDS on the 6<sup>th</sup> of November. This was 13 days later. Nothing new had come on the horizon and because this is a repetitious lecture, there is no index.
