and Printed from New Electro-
type Plates.**

A PRACTICAL TREATISE ON

***Materia Medica
and Therapeutics.***

By JOHN V. SHOEMAKER, A.M., M.D., LL.D.,

Professor of Materia Medica, Pharmacology, Therapeutics, and Clinical
Medicine in the Medico-Chirurgical College of
Philadelphia, etc., etc.

**FOURTH EDITION. THOROUGHLY REVISED AND IN
ACCORD WITH THE LAST REVISION OF
THE U. S. PHARMACOPŒIA.**

**Containing the Latest Information Regarding
all New Drugs, and Other Remedial
Agents, and the Newer Combina-
tions of Older Ones Prom-
inently in Use.**

THE great reputation of the author as an earnest and indefatigable investigator in this most important department of medicine, the large number of colleges which are already using the work, the many thousands of practitioners who have made it an office-companion, and the growing sale abroad all indicate the wide-spread popularity of the work, and insure to this carefully revised new edition a most cordial reception from practitioners and students everywhere.

10 Reasons Why

✱	Shoemaker's	✱
	Materia Medica	
	and . . .	
✱	Therapeutics	✱
	should be used.	

1. **BECAUSE**, without neglecting the physiological action of remedies, the chief object of the work is to represent their value in the treatment of disease.
2. **BECAUSE** the work points out many recently discovered fields of usefulness for old remedies.

3. **BECAUSE** descriptions are given of many new drugs of mineral and vegetable origin lately introduced, and which experience has found beneficial in certain diseases.
 4. **BECAUSE** numerous new chemical products and combinations, possessed of active therapeutic virtues, receive notice in the work.
 5. **BECAUSE**, in addition to personal experience, the writings of authors of all nationalities have been consulted, thus giving the work a cosmopolitan and encyclopædic character.
 6. **BECAUSE** the work is strictly up to date, including references made just before going to press.
 7. **BECAUSE** the book is not confined to the action of drugs, but discusses the natural forces and other agencies which are often equal to or even superior in power to combat disease.
 8. **BECAUSE** in a special section the student is instructed in the practical art of framing prescriptions.
 9. **BECAUSE** the text is accompanied by numerous formulæ which serve as illustrations or suggestions regarding the combination of remedies.
 10. **BECAUSE** the whole work, with complete general and clinical indexes, is published in one compact volume at a moderate price.
-
