

# HENRY J. ROTH, PH. G.

SOLE PROPRIETOR

## ROTH'S COMPOUND MANNA TABLETS

60 STALEY BLOCK

Springfield, Ohio, March 10, 1908.

My Dear Sir:

Some time ago I sent you a circular, of which the following pages is a copy, in which I promised to give you due notice if the price of my COMPOUND MANNA TABLETS would be advanced.

In compliance with my promise I now notify you that the present price of ONLY TWO DOLLARS FOR A FULL THREE MONTHS' TREATMENT will be advanced to Five Dollars on Aug. 1, 1908. Understand me perfectly. You can buy this most reliable of all weak man remedies for the use of yourself or any of your friends from me at TWO DOLLARS for a full three months' treatment any time BEFORE Aug. 1, 1908, but AFTER that date the price will be Five Dollars.

This is the last time you will hear from me in regard to this matter, and I will add that I would consider it a personal favor if you would call the attention of your friends to it, so that they, as well as yourself may get the benefit of the greatest nerve and strength producer the world has ever known at the Lowest Price ever offered in the history of medicine.

Bear in mind that any man, be he young or old, who is in any degree afflicted with decay of Manly Vigor will most certainly become sexually and Mentally Strong if he uses COMPOUND MANNA TABLETS as advised in the within circular.

I am not one of the knaves who flourish, or scoundrels who prey upon the weak and credulous through the filthy advertisements in the papers, and my paramount object in sending you this circular is to do my fellow-men good. Although it is a printed page, I desire you to know that every word is the plain, unvarnished truth, and that it will stand the searchlight of any investigation you may see fit to institute in regard to it.

Sincerely your friend,

Henry J. Roth Ph. G.

NLM

# A WONDERFUL FORMULA

*A Godsend to Weak Men With Shrunken Organs, Varicocele, or Starving Nerves.*

The Greatest Boon to Overworked Men and All Suffering from Secret Vices, Sexual Excesses, Excessive Use of Tobacco or Whiskey, or the Infirmitiess Incident to Old Age.

DURING my experience of more than thirty years in the drug and chemical profession, I have, as a dispenser of drugs and medicines, handled nearly all the so-called cures for what is usually termed Lost Manhood, and I was most forcibly struck with the fact that it is seldom indeed that any of those who purchased the nostrums derived any permanent benefit from their use. In fact, most of them grew weaker.

## AN INVESTIGATION

TWO years ago I instituted a most searching analysis of several of the widely advertised cures in my laboratory, and to my astonishment found that they all contained Nux-Vomica (a preparation in which Strychnine is the active principle), Phosphorus, or Spanish Fly—a line of rank poisons and narcotics which should never be used without the special advice of an educated physician, and which my long-time experience had taught me were absolutely dangerous excitants, the use of which under ordinary circumstances could not do anything else than bring about disastrous consequences. It is needless for me to say that none of these nostrums—no matter how widely they may have been advertised—have been sold over my counters from that day to this, and no amount of money could induce me to sell them now, since I know their horrid character.

## ANOTHER INVESTIGATION

A FURTHER investigation brought the knowledge that scores of scoundrels, operating under the names of Physicians, Institutes, Company Titles, or Philanthropists, were using the public press to advertise "Free Cures," "Free Treatments" and "Free Prescriptions" for Lost Manhood. The "Prescription" fellows proved to be rogues who sent out a prescription that no druggist on earth who has any respect for his profession could or would fill it; and here again chemical analysis in my

laboratory demonstrated the horrible fact that the wretched nostrums they send by express C.O.D., without your order, and which they try to blackmail you into taking, like the "Free Cures" and "Free Treatments," consist of poisonous drugs and stimulants that afford temporary relief only, and which eventually destroy both body and mind. It is needless for me to enlarge upon the subject of that Prince of Fakirs—the sacrilegious fraud who claims Divine power and effects to pray weakmen strong at long range. These vagrants can only prey upon the credulity of the ignorant, and it is well that the U. S. Government is now denying them the use of the mails for their nefarious schemes. Any man possessing only the rudiments of an education knows that a couple of metal plates covered with flannel will not produce electricity, and cannot work wonders in the building up of broken down constitutions; and no man of sense will countenance the claims of the "Absent Treatment" fraud for a single moment.

## ANOTHER INVESTIGATION

M Y PROFESSION and practice of chemistry and pharmacy naturally brought me into close relations with many of the best physicians, and in a strictly humanitarian spirit I corresponded and consulted with many of the most eminent doctors in this country and Europe, with a view to securing if possible an honest remedy for Nervous Troubles with their long train of evils, so that I might in some measure be of use to men who are ashamed to go direct to a physician for treatment of private ailments, such as failing manhood.

The result of that investigation is embodied in the following formula which has proven the greatest scientific triumph of the age in the curing of Varicocele and Nervous Debility or Physical Decline, and in restoring manly vigor even to ripe old age. Ask any doctor about this

formula. It is guaranteed under the Pure Food and Drugs Act of June 30th, 1906.

### Formula.

FLAKE MANNA  
EXT. COCOA LEAVES  
EXT. CANNABIS INDICA  
PEPSIN, PURE  
REDUCED IRON  
EXT. DAMIANA  
ALOIN  
ZINC PHOSPHIDE  
EXT. HOPS  
EXT. CELERY SEED

A NY educated physician or druggist to whom you show the above formula, will agree with me in saying that it does not contain a single harmful drug, and that its ingredients in correct proportions cannot fail to promote digestion, regulate the bowels, strengthen the sexual organs, develop nerve force, purify the blood, assist the kidneys and urinary organs to perform their proper functions, and bring strength and virility to every member and organ of man's physical organism.

The fact of the matter is that during its experimental stage of two years, this wonderful remedy has produced well-nigh miraculous cures, and is now being used by hundreds of physicians who are making great reputations for themselves in the cure of sexual weakness in **both old and young**. An eminent New York City specialist in diseases peculiar to men, who buys my remedy in lots of 10,000 tablets at a time, and who charges \$25 for his professional services, wrote me about one year ago, saying :

"Like the Manna of the Bible furnished to the Children of Israel in their journey through the desert, your great medicine—a genuine triumph of medical science—is a Godsend to men staggering through this world with starving nerves, and I suggest that you name it Roth's Compound Manna Tablets."

In accordance with this eminent physician's suggestion, and because I believe that it is well worthy of such a name, I have named my remedy

### COMPOUND MANNA TABLETS

In order to make this greatest remedy of the century accessible to **all**, I have concluded to offer, as above,

### COMPOUND MANNA TABLETS

to all men suffering from shattered or weakened nerves, from any cause, at the same price at which it is sold to the medical fraternity, which is the

**EXTRAORDINARY LOW PRICE  
OF ONLY TWO DOLLARS FOR  
THREE MONTHS' TREATMENT**

**T**HIS is incomparably the lowest price at which an honest nerve medicine has ever been offered. Every box has the formula printed thereon, and the contents are guaranteed to be absolutely pure. I will not sell less than the three months' treatment to any one at any price, because all experience has proven to me that no man can be radically cured of sexual weakness in less than three months time and I will not sell a man a smaller quantity than I honestly believe will effect a complete and permanent cure. I cannot, and will not, promise you to keep this two dollar offer open longer than three months from the date of sending you this circular, for the reason that at least three of the costly ingredients of this formula are liable to advance in price at any time. Every order will be filled on the same day that it is received, and the package will not have any marks indicating the character of the contents. I have tried to make plain all matters pertaining to my remedy, and respectfully but firmly decline to answer any unnecessary correspondence. Everything strictly confidential.

### IN CONCLUSION

**I**N CONCLUSION, allow me to assure you that if excesses of any kind have brought or are bringing to you an early decay of your manly or mental vigor, or if you are suffering from loss of energy or ambition by reason of advancing age, and the future looks bleak and dreary, there is no other remedy within the reach of mortal man that will so surely bring you strength and consequent happiness as my Compound Manna Tablets. Its use makes men strong, nerves steady and life happy, and its greatest blessing is that it preserves the strength you gain. I would rather you would continue at work while using it than to have you lie around doing nothing, because ordinary exertion while using it will help along a cure.

**HENRY J. ROTH, Ph. G.**

**SPRINGFIELD, OHIO.**

# PARTICULAR NOTICE

I DESIRE you to take particular notice of the fact that only Two Dollars pays for a full three months treatment of Roth's Compound Manna Tablets, and that this amount has seldom been known to fail in bringing the pride, the power, and pleasure of a Restored and Perfect Manhood to men of all ages, even in hundreds of cases that had been pronounced incurable by ordinary physicians.

My advise to you is to order at once—before you lose this circular or forget that you have received it—for the earlier you commence the use of Roth's Compound Manna Tablets the earlier your disease and weakness will vanish, and the sooner you will be a Perfect Man, ready for study, business, work, or pleasure.

Always address,

HENRY J. ROTH, Ph. G.

SPRINGFIELD, OHIO.

## Read These Indorsements.

A few among hundreds of letters I receive praising my Compound Manna Tablets.

*From The Press, July 2d, 1900.*

We are glad to announce that Henry J. Roth, Ph. G., has refused the offers of capitalists in New York and Boston who desire an interest in his Compound Manna Tablets, which has been very generally introduced to the medical fraternity and which has received their heartiest endorsement. He will remain in this city, which has been his home for fifteen years, and will retain his interest as senior member of the drug and chemical firm of Roth & Livingston, making a specialty of analytical chemistry, which has been his deli ht ever since his graduation years ago at the Northwestern University in Chicago, Ills. This city cannot afford to lose such men as Mr. Roth, for whether in the business, professional, or social world, he is the same genial, polished gentleman whom to know is to honor, and it is no wonder that his beautiful quarters have been thronged today by men congratulating him on his decision to remain in Springfield.

FARMINGTON, N. H., Mar. 10, 1906.

Dear Mr. Roth:

We have a dear little baby girl about two and a half months old. We have been married about ten years and this is our first child. I owe it al! to your Compound Manna Tablets. Kindly send me another supply of your Compound Manna Tablets by return mail

Yours very truly,

F. L. B.

MESA GRANDE, CALIF., Oct. 22, 1906.

Dear Sir:

It is with pleasure that I write you to inform you that your medicine has done me more good than all the manhood remedies I have taken in the last ten years. Enclosed find \$2.00 for which please send me another three months treatment of your wonderful Compound Manna Tablets. I want it for a friend. Most truly yours,

WM. H. P.

I do not care to laud my own virtues, but prefer to let the men who have known me for more than a quarter of a century, do the talking. To satisfy you of my integrity and standing in the business and professional world, write (enclosing stamp for reply) to the Mayor, Cashier Springfield National Bank, Cashier Citizens National Bank, or any Banker, Preacher, or Business Man of this city, or to any of the Mercantile Agencies of the country.
