

At the Annual Meeting of the MASS. COLLEGE OF PHARMACY, held March 11th, 1863, it was voted,

That in consequence of the increased expenses of carrying on our business occasioned by the New Tariff, Tax for Internal Revenue, Exchange, derangement of the Currency and other causes, an increase be made in the prices of some of the articles contained in the price list of the college, printed in 1854.

The following is the list of articles altered, and the College recommend that the price list as altered be adhered to by the members, and that the list be sent also to Apothecaries not members of the College, with the request that the prices be adhered to by them. To take effect from and after April 1st, 1863. Price books can be obtained of Mr. Boyden, Treasurer.

Per order,

Boston, March 25th, 1863.

HENRY W. LINCOLN, Sec'y.
