

(Circular No. 1.)

WAR DEPARTMENT,
Surgeon General's Office,

WASHINGTON, D. C., *January 1, 1869.*

The following memorandum of changes which have been made in Circular No. 6, dated Surgeon General's Office, May 9, 1867 (the Standard Supply Table) since its publication, is furnished for the information of Medical Officers:

Allowance of "Olei Theobromæ" has been reduced to one-fourth ($\frac{1}{4}$) the quantity specified therein.

For "Saponis, ounces"—read "pounds."

"One Sound, small, straight," in the Minor Operating Case (Personal Set) has been changed to "One Sound, medium, curved."

For "Milk Cans, 22 gallons, graduated,"—read "Milk Cans, 12 gallons, graduated."

Allowance of "Alcoholic Extract of Calabar Bean" in the Eye and Ear Case has been altered from two (2) scruples to ten (10) grains.
