Dear Shepherd

How are you all? It seems long since I have heard from any of you I felt very like skipping North on the 1st, for your introductory lecture. I felt rather homesick. I still, at times, feel like a stranger and a pilgrim though everyone is very kind and I have got on better than I could have anticipated. I must arrange to spend some days in Montreal at Xmas, and run up also to the Carnival if you have one this winter. Everything goes on here as usual. My hospital work at Blockly keep(s) me very busy as I have 80 patients to look after. I am able however to do much more satisfactory ward teaching than heretofore Hays asked me the other day about a note of yours in re Canada Med. Association & the Quebec profession He thought it would rather stir up dust and I agreed with him. I hope Mrs S. and the chicks are well. Give my love to Ernest and the little woman. I suppose Coorie is now devoted to No. 3.

Please give my kind regards to your mother & sisters

Yours sincerely

Wm Osler
