Dear Adami,

After a week I had a cable from Borden that Jones would not be dismissed(!) without full consideration of his case in Canada. I have sent in my resignation as Consultant at the Hospitals. I sent word with a statement to the Times but Jones had it withdrawn, and he asked me not to send a Cable to the Canadian Press asking for suspension of judgement until your full report of Jones was received, and stating that I had resigned my positions as a protest against the mode of apt. of the Committee.

Lady Drummond is in despair and is giving up. It is a miserable business and no credit to the Minister. Miss Campbell has been shamefully treated at Cleveden. She has been transferred to Buxton.

Love to L.M.C. I do hope you have found her better.

Sincerely yours,

Wm. Osler.

Greetings to Peterson.
