London, S.W.

4, Jan.

Dear Sir William,

Your kind letter was a great joy to me. I could not possibly express to you what I feel I owe to you. Without your aid we could have done nothing and this result the profession must attribute to you. My wife asks me to thank you for your thoughtful message to her. It has been hard time for her.

Best wishes for the new year.

Yours sincerely,

G. C. Jones.
