Dear Jacobs

I am  
all right again - no further  
whic on rocks. We were  
very sorry to hear of Mrs  
Gilmans death. She had  
a splendid life and was a  
fine figure in the Hopkins  
History. We are having  
a busy term. I am deep  
in Bodley matter - struggling  
with the Underground

Storage stack. The machineries  
here needs oiling badly. -

too many boxes & not enough  
money. I pleaded weather

such bright clear days.

Tommy writes in such good  
spirits from lumbermen.

no business stress or worries

As the new boy he has to pay for  
his gallery (dormitory) and  
an early duty is to call the

boys at 6<sup>30</sup>, go back to bed &  
call them again at 6<sup>15</sup>

6<sup>40</sup> & 6<sup>45</sup>! They have  
a special language which  
new boys have to learn -  
nearly 400 words.

I shall not be able to order the Esculapins  
this year I have had to subscribe to the new  
building of the Royal Med Society - and - from  
encouraging les autres! and that has taken my  
 spare cash - but it will come later. Nothing  
 much in the auction yet - did you take the  
 9. - h. case - it must be a beauty -  
 How nice to hear how happy Mrs Mac Fulcher seems  
 to be. Love to Mrs Jacobs & the boys.

Yours ever  
H. Osler
