 R E A S O N S

FOR ESTABLISHING

St. LUKE'S HOSPITAL

FOR

L U N A T I C K S.

THE Usefulness and Necessity of Hospitals in general being at present so well understood in this Kingdom, it will be needless to offer any Considerations on those Heads. But it may not be improper to lay before the Publick, the particular Reasons and Inducements for the setting on Foot a new Design of this Sort, for the Relief of poor Lunaticks.

I. Experience had long shewn, that the Hospital of *Bethlem* was incapable of receiving and providing for the Relief of all the unhappy Objects of this Sort, who made Application for it; this Truth can be attested by every Governor of that House, and by every

Person to whose Lot it has fallen, to solicit the Admission of a Patient into it.

II. That the Expence and Difficulty attending the Admission of a Patient into the Hospital of *Bethlem*, had discouraged many Applications for the Benefit of that Charity, particularly on behalf of the more necessitous Objects, and of such who resided in the remote Parts of the Kingdom.

III. That by this unavoidable Exclusion, or Delay in the Admission of Objects of this Sort, many useful Members have been lost to Society, either by the Disorder gaining Strength beyond the Reach of Physick, or by the Patients falling into the Hands of Persons utterly unskilled in the Treatment of the Disorder, or who have found their Advantage in neglecting every Method necessary to obtain a Cure.

IV. That many Families, (in no mean Circumstances) through the heavy Expence attending the Support of one Object of this Sort, have themselves become Objects of charitable Relief, and thereby doubled the Load and Loss to the Publick.

V. That the most fatal Acts of Violence on themselves, Attendants and Relations, have been often consequent on the smallest Delay in placing the afflicted
with

with this Disorder the Care of Persons experienced in guarding against and preventing Attempts of this Kind.

VI. That no particular Provision is made by Law for Lunaticks, the common Parish Work-houses being no ways proper for their Reception, either in Point of Accommodation, Attendance, or Physical Assistance.

VII. That the joining this to any other Hospital not particularly adapted for the Reception of Lunaticks, would have been highly improper and dangerous; the joining it to *Bethlem* would have deprived it of two of its principal Advantages, the being under the immediate Inspection and Government of its own Patrons and Supporters (inasmuch as no Benefaction to *Bethlem*, how great soever necessarily constitutes the Donor a Governor of that Hospital), and of introducing more Gentlemen of the Faculty to the Study and Practice of one of the most important Branches of Physick, already too long confined (almost) to a single Person.

Such, and such only, were the Motives of the first Promoters of this Design; the Weight they have had in the general Opinion, the Largeness of the Sum paid in abundantly testifies, and leaves no Room to doubt of the Continuation of the like benevolent Disposition in the future Support of it; and, for the Convenience of such
Persons

Persons who are disposed to assist in the Completion of this good Work, either by annual Subscriptions, or otherwise, the following Places are appointed for taking in their Benefactions :

By *David Powell, Esq;* the Treasurer, in *Little St. Helens, Bishopsgate-street.*

Messieurs *Fuller, Sons, and Vaughan,* Bankers, in *Cornhill.*

Messieurs *Drummonds,* Bankers, at *Charing-Cross.*

And to such Persons who are inclined to become Benefactors by Wills, the following Form is recommended :

Item, I give and bequeath unto the Treasurer for the Time being, of an Hospital, called by the Name of St. Luke's Hospital for Lunaticks, the Sum of
to be applied towards carrying on the charitable Designs of the Governors of the said Hospital.
