CONTENTS.

"*Ex Lipsio, de Militia Romana*" quaedam ex-
-cerpta. ff. 9.^a 10.^a 11.^a

Various Medical Receipts, and Remedies, partly
extracted from Gerard's Herbal. ff. 12.^a—38.^a

"Index" or list of the foregoing Receipts and Rem-
-edies, by a different hand. ff. 39—40.

Remedy "For worms in Children. [By or for]
Mrs. Withers." f. 40.^b

Proscriptio quaedam. f. 41.^b

Directions to make drink of cream of tartar, or
"Imperial Tea." f. 42.^b

Attempted beginning of a Poem on the Child-
-hood and Youth of Jesus Christ, seemingly
suggested by the reading of Milton's Poems,
and conceived in Miltonian Verse. (It
has only imperfect.) f. 43.^b

Evidently the original draught: two
more lines were written, but are cancel-
-led, on f. 43.^b

The next following leaves, ff. 44—73, have
been foliated from '1' to '30,' but remain
blank; and the rest of the Ms. is writ-

COPIES

2

-ten insertedly, beginning from the other end of the volume.

Between ff. 97 and 98, (as now foliated by me) eleven leaves have been cut out, which show, by their remains, that they contained Poetry.

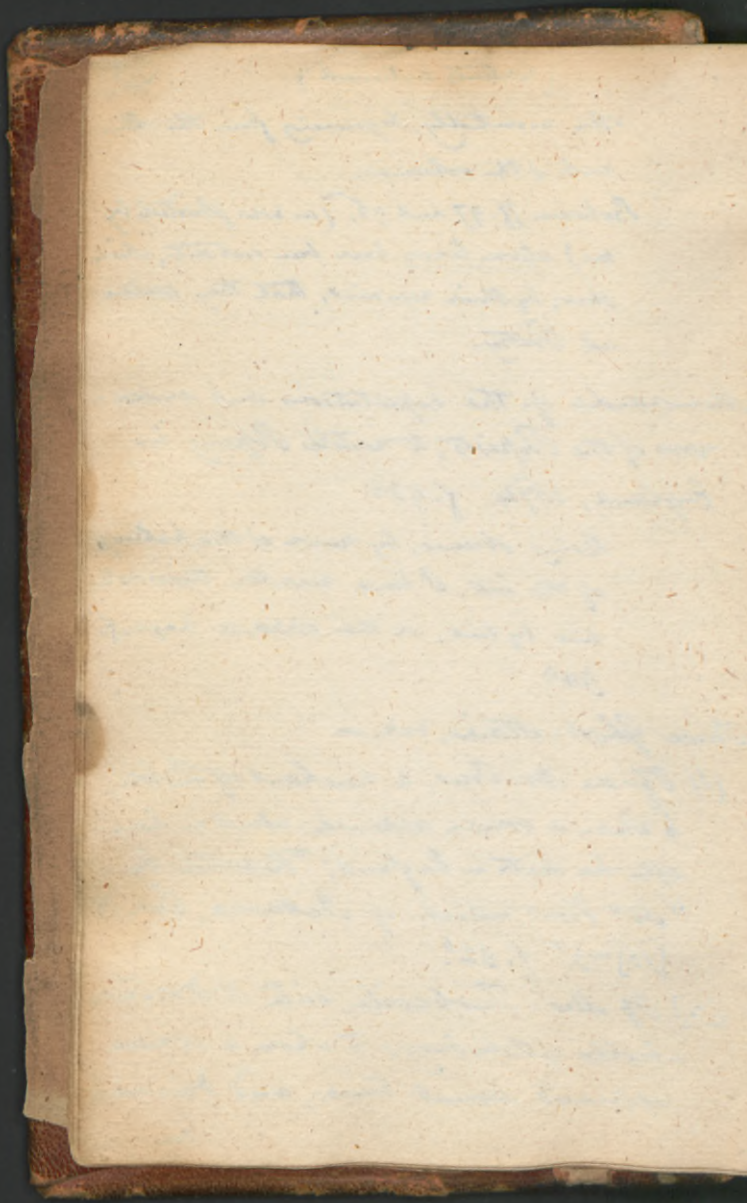

Memoranda of the expectations and endeavours of the Papists, to restore Popery in England, 1674. f. 93^b.

Being obscure, by reason of the paleness of the ink, I have rewritten these notes, line by line, on the opposite page, f. 94^a.

Three Ghost-Stories, viz. —

- (1) Of one Mr. Cross, a merchant of Lisbon, to whom a woman appeared about an hour after her death in England; "Reported by "Mr Flow, march. of Battusca, Oct. 1^o [16]73." f. 92^b.
- (2) Of Mrs. Turbeville, sister to Dr. Turbeville of Salisbury; to whom a woman appeared several times, and discovered

to stop blood. of flux of 12
months or any.

Take 6 ounces of the roots of Comfrey
12 handfulls of Plostand burst
boyle them in a balneum
marie well closed untill the
colour be like a pale claret and
use it for ordinary driets from
commonly the newer fayrest
Mr. Gibbons.

Take the Goat
Take a good quantity of Dandel
wort roots, wash them well
dry them in an oven, beat
them to powder give
in drink wth the fat is on
a poor man by telling of it a Gallen
in the fairs had 20^s for it
G

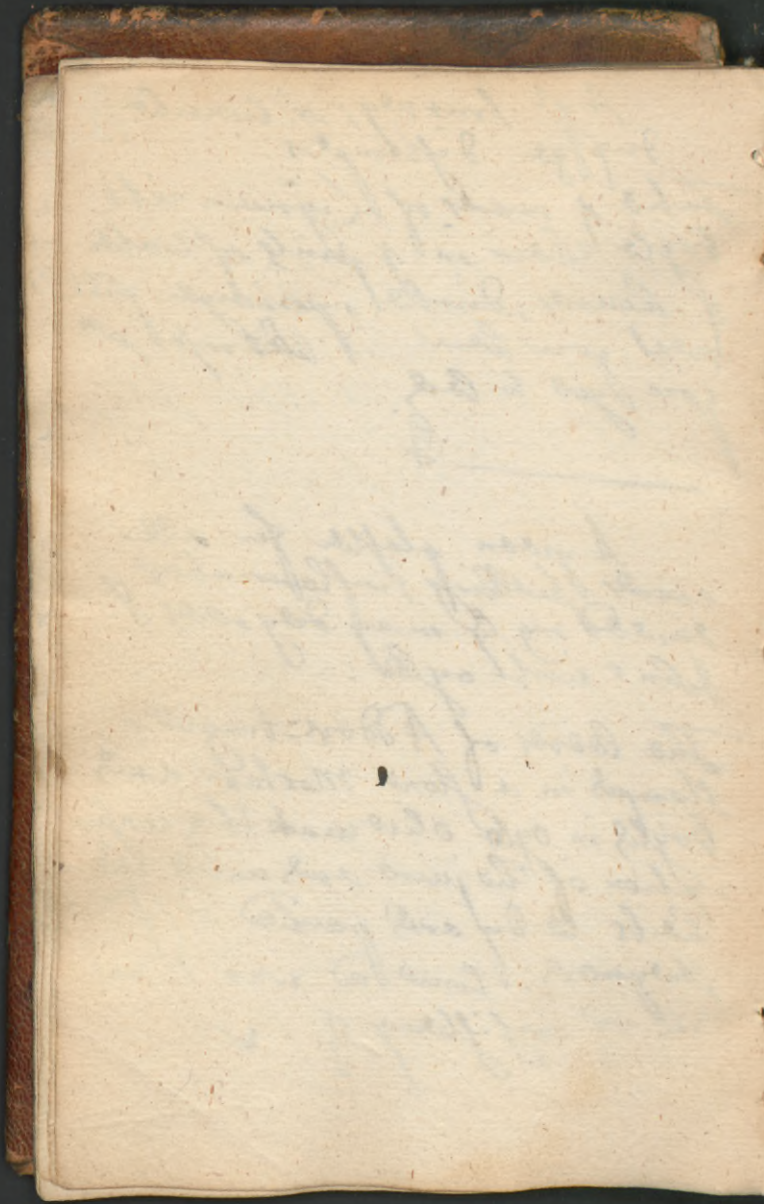

Agd Surgery, or Curative
Dyspepsia dysenteria 13

Take 4 ounce of Lignum vite
boyle them in 4 pint of water
& hours, divide a portion full
next you heat at last use it
you good to bed.
G.

A green plaster for all
wounds pulling, inflammation
swelling by many dayes &
Johns well oyle.

The leaves of Adders-tongue
stamped in a stone Mortar and
boyled in oyle olive unto the consum-
-ption of the juice and untill the
herbs be dry and powdered as
they were. Some use wax to make
it of consistency G. ✓

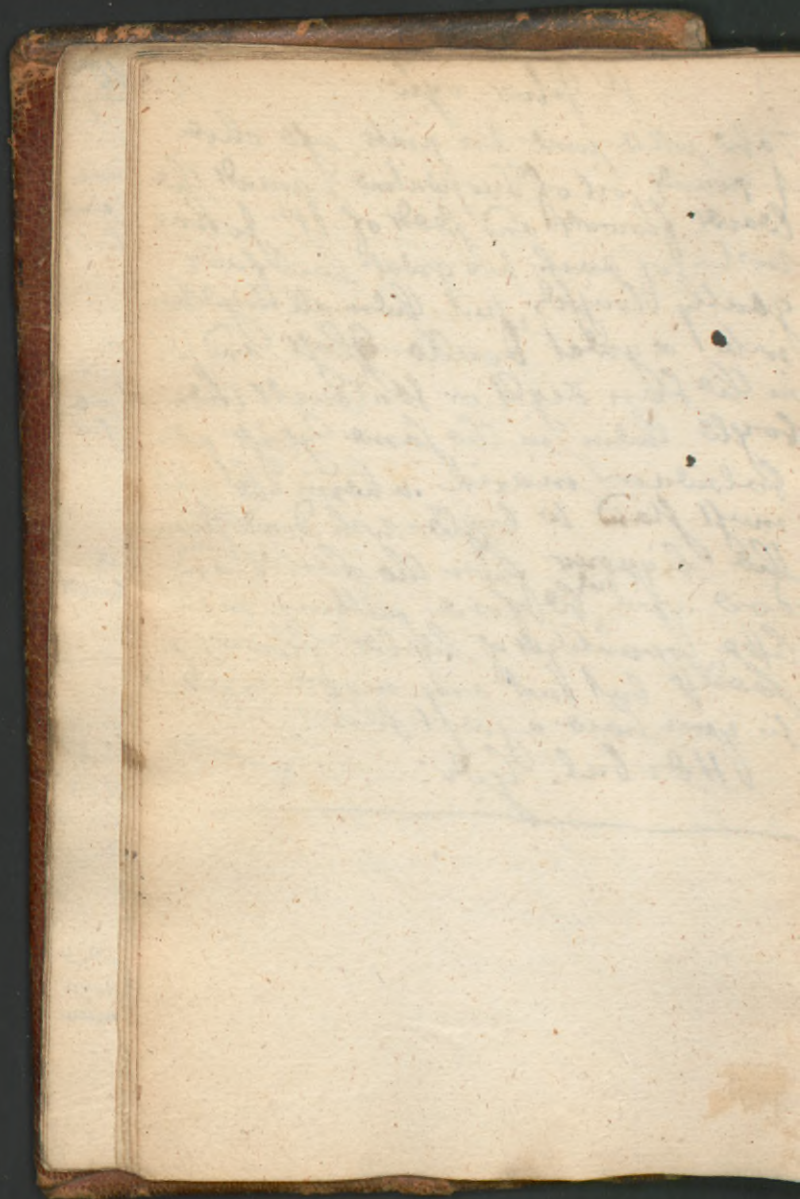

St. Johns oyle

14

Take white wine two pints, oyle olive
 4 pounds, oil of Turpentine 2 pounds, the
 leaves flowers and seeds of St. Johns
 wort of each two great handfulls
 yeally bruised, put them all together
 into a great double glass, and set
 in the Sun eight or ten dayes then
 boyle them in the same glass per
 balneum marie wherein the glass
 must stand to boyle with downe stirring
 the liquor from the herbs and
 doo you be^{care} fore putting in the
 like quantity of lesser flowers &
 seeds but not any more wine
 so you have a great service.

Herbal. Giv:

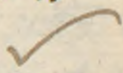

a Symply that serveth voyding of
the heat of Agues, allayeth
the sharpness of flowing humours
wealdeth up blood of the Lungs, and
relieveth the cough. 15

Take 2 ounces of the great Comfrey
rootes, one ounce of Licquoriz, two
handfull of foads, soft roots and all
one ounce & a halfe of pined Apples
kernelles, 20, 20, 20, 20 drams
and a quartet of an ounce of
Mollow foad, of the head of poppy
one dram boild all in a sufficient
quantity of water till two pint
remaineth, straine it, and add to the
Liquor strained six ounces of very
white Sugar and as much of the
best Honey and make thereof a
Symply that must be thoroughly boyled
i. Ger. Herbal.

[Faint, illegible handwriting, likely bleed-through from the reverse side of the page.]

This with all inflammations & or
burnings, scaldings by fire water
boiling lead, Gunpowder in a very
short time. Good. Heral by experiment

The juice of Thorns apples boyled
with Hoggs grease to the forme
of an unguent or salve.

for weast

Take Linnet oyle
put a spoon full or two of Aqua-
vive to it and warm it by the fire
bath the weast by fire with it it
dissolves the weast & helps
knifes, aquet, & unguent. keep
it warme & brown paper.

= wayes is good ag^t the Cancer. or
corrosive ulcers. ^

The Herb. ^{Cough in child.} horehound boild in wine
with a little Honey good ag^t the
chirn cough.

a few of mistletoe berries
bruised & strained into oyle
drunken good ag a sore thib:

[Faint, illegible handwriting in cursive script, likely bleed-through from the reverse side of the page.]

for sore eyes in inflammation, swellings
or any distemper.

Ground in Colandrian and Dill seeds of
each a like quantity stamped & strained
and a little Sugar & rose water put
thereto and dropped by a feather into
the eyes. the best medicine in the
world! Ger. Herb:

mixed with a little oil of heny does
the same for Cows or Hops.

to soften & procure, swellings &
sores of the mother to consume cold
tumours, blastings, winds out-
growings, to heal the fissures of
the fundament, to preserve & delay
your graduation, to bring old
wounds to resolution.

Take the roots of Marsh mallows
the leaves of Mallows violet, boil
in water till very soft, & water
left drained away stamp in
a stone mortar adding thereto
a quantity of Fenigreek and Lin-
seed in powder the roots of the
black spiony and some good quan-
-tity of Camomel seeds stamp into
the same of an unguent & apply very warm

[The page contains several paragraphs of extremely faint, illegible handwritten text in cursive script. The ink is very light and the paper is aged and yellowed. The text is mostly centered and spans most of the page's width.]

Count round not bright or frigid
with goose admirals for fresh winds
Low partridges bods boyd in eyes are
good as the frigid full dull
and leatherly or phlegmy if the head
be averted such it!

to cleanse wounds and stop
the weeping of sinners.

The juice of Smalloye mingled
with honey and beane flower

In choler they put Seafrags into chesse

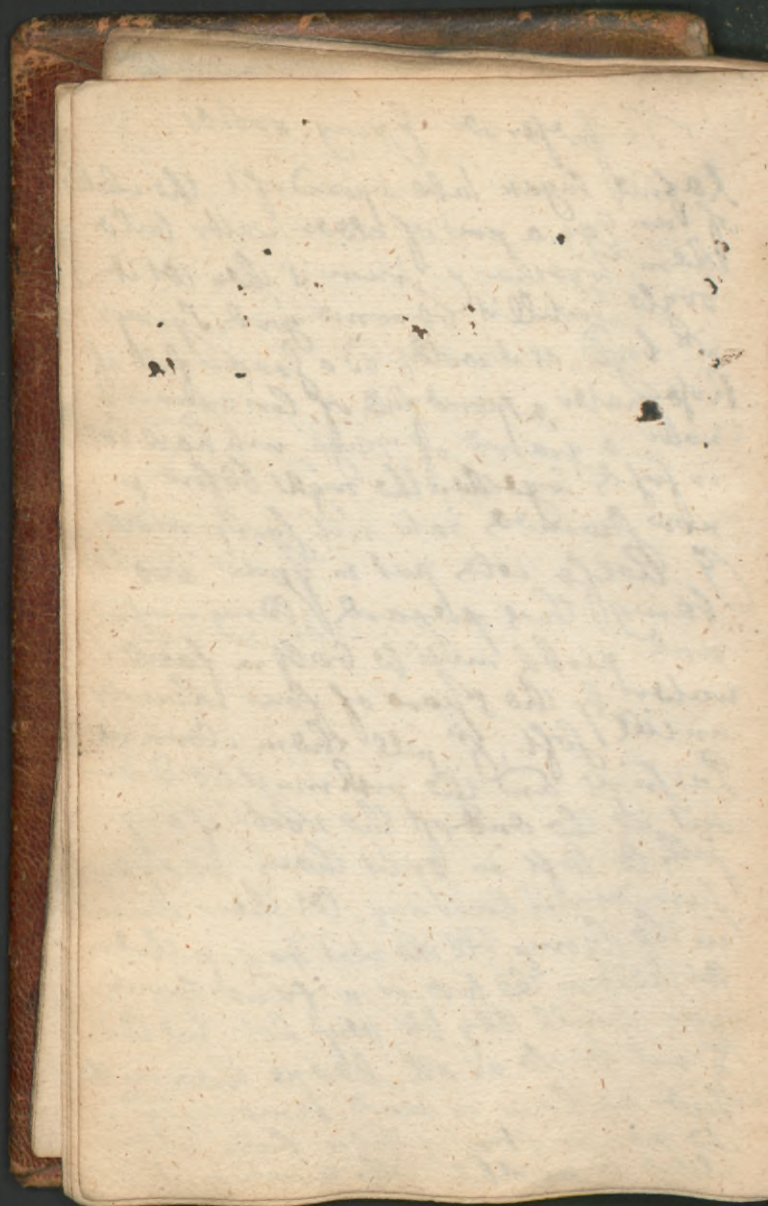

The denotion of fumitory doth
forth of Sige all hot choleric
burnt and hurt full humours and
is a most singular digester of all
salt pituitous humours

put Polyedye to it or take the root
Boyle it in water honey & pepper the
quantity of an ounce given
empty of choleric & pituitous
humours

[The page contains extremely faint, illegible handwriting, likely bleed-through from the reverse side of the leaf. The text is mirrored and difficult to decipher.]

To preserve Spring roots. 22

Take fine sugar take a pound of it the white
of an Egg a pint of clear water boile
them together & strain it then let it
boyle untill it be some good Symp
in boyl, as it coold, ad a saucer full of
Rose water, a spoon full of Cinamon
water a grain of musk mix have been
in folds together the night before &
new strained into mix Symp, more
if halfe cold put in your roots
being thus prepared, being washed
and pithed must be boild in fair
water by the space of four hours
untill soft, you will them clean as
Partridges and the pith must be drawn
out at the end of the root, if any
pith be left in split them keepe
from much handling, let them remaine
in the Symp till the next day, & then
set them on the fire in a faire broad
pan untill they be very hot but let
you not boyle at all, keepe them on the
fire an hour or more removing you
in the pan or stirring them from one
place to another with a wooden shod

23

Thus done have in readiest great cap
a royall paper, upon which show Sugar
and say the rooket when you take them
out of the Pan put ^{em} into a stov
to harden or if you had no such con-
=venience buy this fire, this is the best
way for this on any other rooket
Year. Herbal:

Faint, illegible handwriting, possibly bleed-through from the reverse side of the page.

29

The leaves of Tre fold beild in a little
Garrows, gnepe, is a good Pulvis.
The doocher with honey is in chiffer

Lupines boyled in a strong leigh with barbes
up & namwoods, lortange & Bay salt
add to them to stay the spreading of
the Gangrene, & ulcers or milks paze,
for pain in fides, ^{stomach} gripes of belly, difficulty of
breathing, the cough, stopping of the
lungs. such as Darline to a stoppe
Red boilds with Dill fennel seeds
and some Sugar in a sufficient quantity
of wine

Syrup of Rofs

take 2 pound of rofs leaves, whites cut
of. put them to in fute in 6 pints of
warm water in an open vessel for
12 hours & straine ^{it} and put the like
quantity of rofs doo thus 4 or 5 times
^{it} and 4 pound of fine Sugar in
powder then boyle it into the forme
of a Syrup, upon a gentle fire contin-
ually stirring it untill cold then
straine it, take in white wine or other
from 1 pound to 2

25

This Symp^l of Rofs.
of the liver, helping the yellow jaundice
the swelling of the heart and the excessive
heat in agues & feavours

Conserve

Take one pound of Rofs beards nailed
cut off, put them into a cleane pan
then put a pint and halfe of bralising wa-
-ter skimming them with a wooden flie
so they stand to macerate cleafe covered
2 or 3 hours, then set them on the fire
slowly to boyle adding 3 pounds of Sugar
in powder setting them firmer an
hour or more.

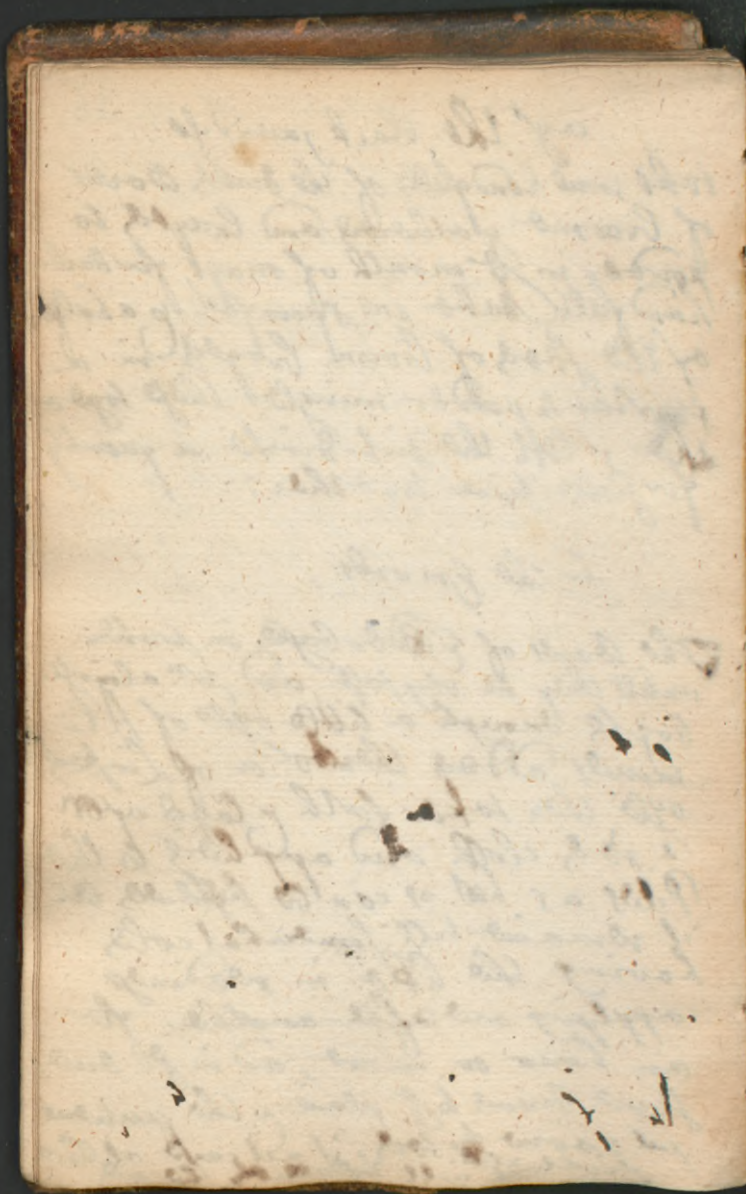

[Faint, illegible handwriting, likely bleed-through from the reverse side of the page.]

of the black jaundice: 26

take some handfulls of the dried woods
of broome gathered and crayst to
powder in the month of may, for each
handfull take one spoonfull or a halfe
of the seed of broome crayst in a
partur to powder mingle these together
then y^e best the six drinks a quantity
for five times together:

for the Eye wots

The Bawt of E. B. Boyle in water
untill they be very soft and w^{ch} almost
boyle enough a little oyle of Al-
-monds addes thereto or of Linseed
oyle then take forth y^e layd upon
a red cloth and applyed to the
Piles as hat as can be suffered till
if remaine till somewhat cold
having the lites in readiness
applying one after another for
an hour or more, and in the evening
some bread to y^e place y^e the patient
not w^{ch} to bed, if it hurts at the
first it will infallibly be cured

an admirable purge *Plac. y^m*
Rubarb or Agarick.

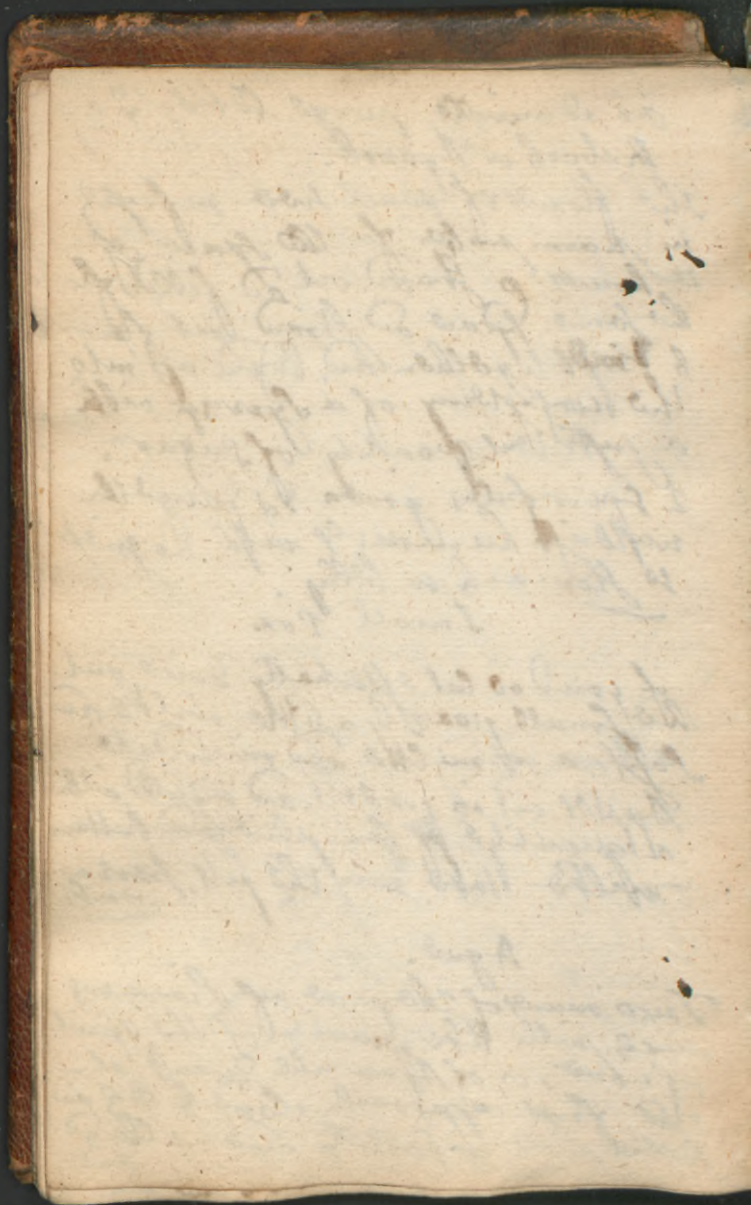

The flowers of peach wood infused
in warm water for the space of
12 hours & strained out & filled up
the same again & strain out for
8 times, then lay boyled up into
the consistency of a Syrrup with
a sufficient quantity of Sugar.
2 Spoon fulls given it purgeth
without hardnesse with no griefe
to stomach or belly.

Small pox

if you doo but effectually drive out
the small pox by a little milke and
Saffron of milke and mithridate
Applet cut in peeces and distilled with
all quantities of Com. plantain butter
- milke. Take away the jell, press or
marks

Ague.

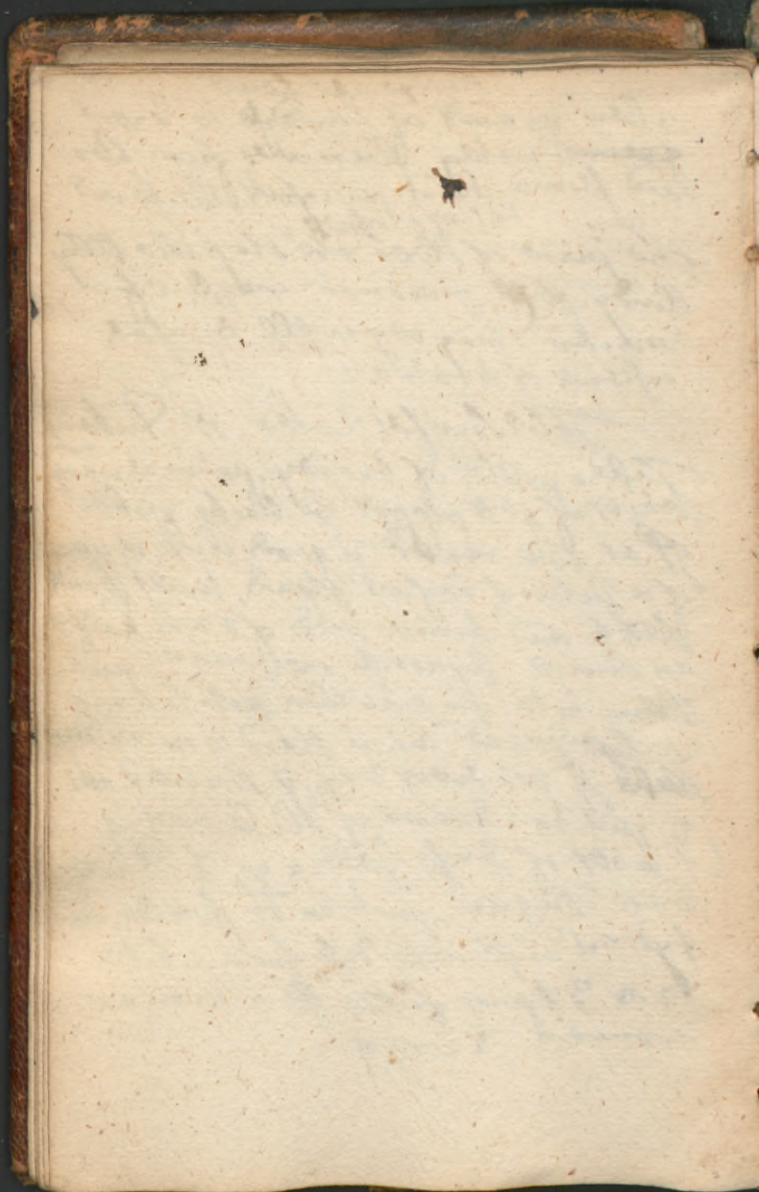

Two ounces of the juice of Lemmons
mixed with like quantity of the spirit
of wine, or of Ayer will drive out
the first approach; layd to 6 or 7
sweat will infallibly cure as the 3^d
time

Purges the head

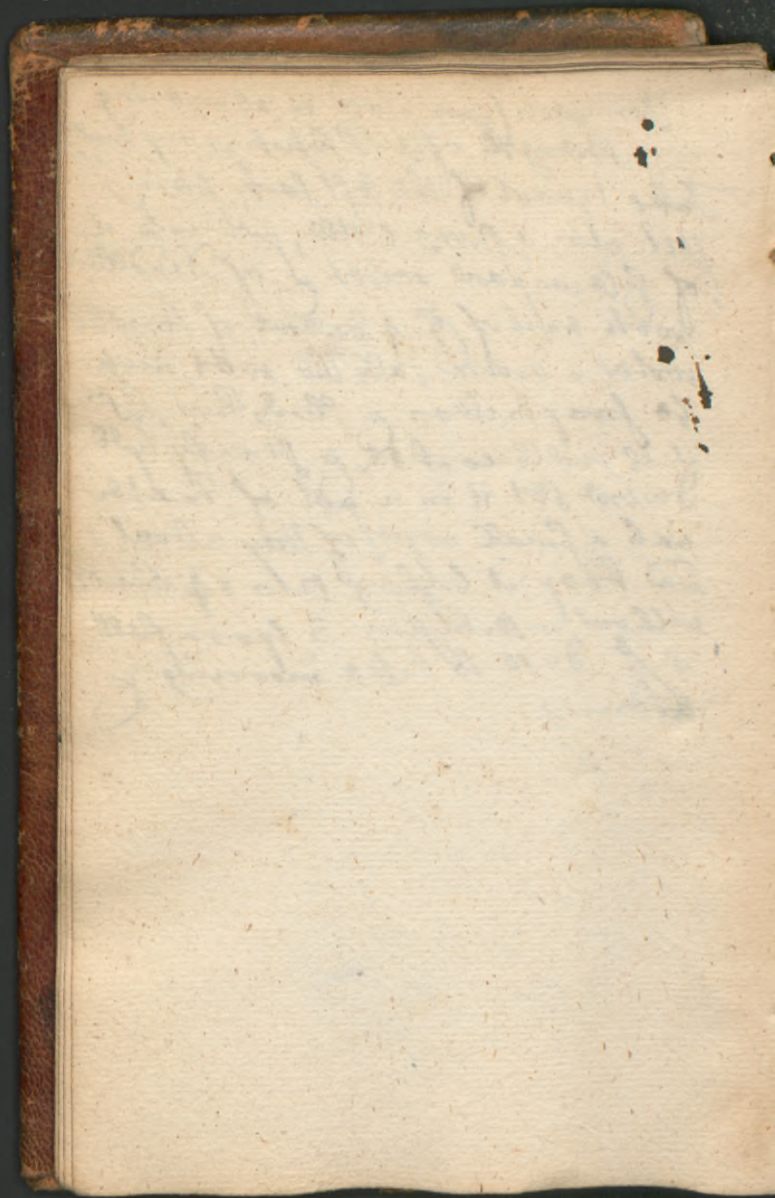

chew graine of Turbith to draw
~~fast~~ watery humors from head
 and stomach it comforts the same
 to stay a long time.
 The juice of blood ~~do~~ stop the belly
 bloody flux inordinate course of
 women may very well be used
 instead of Atracia:

The Surfet water m. Vickroy
 Take a pottle of brandy, put in as many
 leaves of red popper the blacks yirbe
 of as will make it good thick a quart
 of a pound of raysons stone, sweet fennel
 seed and Annis seed of each halfe
 an ounce liquorish one ounce put
 them into a new earthen pot luting
 it close down, let it stand 10 or 12 day
 shake it pot every day, strain it out
 & put in 2 drams of Alchemes &
 leaves of base gold a y^r of list of
 base sugar, put in the bottle and
 tyt it close the dose for a child
 2 or 3 spoon fulls for a man or
 woman 3 or 4.

For rectifying blood or recovering
Strength after Pleurisy or any kind

Take 1 quart of the best sack being
put into a strong bottle, put into it
of Glumpane roots ²⁹ of Dead ²⁹ ~~leaves~~
roots each of ʒ 4 drams of Angelica
roots 2 drams, all the roots must
be scraped clean & sliced thin, w^m
is well covered & strongly tied
down set it in a pot of water
with a small rope of Hay about it
and keep it boiling 12 or 14 hours
without interruption 3 Spoon full
is to be taken morning &
Evening:

For the swelling on one side
of the belly arising upon cold yet
after delivery wh^{ch} has a tickle
paine accompanying it: 30

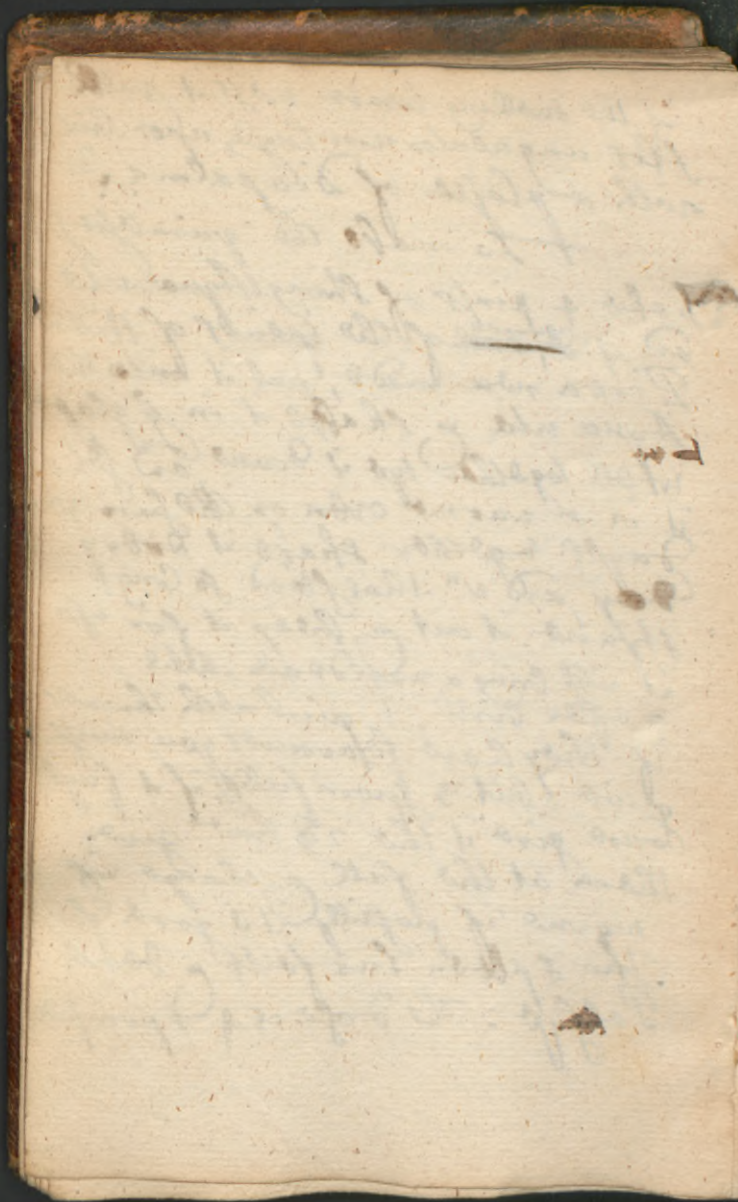

Take Camomile, mallowes,
Chickweeds. Seed. S. Johns wort
of each a hand full of Camomile
& flowes of S. Johns wort flower
and of Mollis let flower of each
one ounce, cut y^e herbs finely
boyle y^e all in a gallon of springe
water till it comes to thre quarters
have 2 bladder ready fill
one of them halfe full lay it
up and apply it to the greatest part
as was most as may be convenient
fully suffowd, At it by 6 or 8
hours, serve the other bladder
so & apply it in y^e same maner
this must be constantly used day
& night The same liquor will
serve a week, you must give
her 3 spoonfulls of the quintessence
of Hiera pira, with 3 or 4 spoonfulls
of myrrour powder

[Faint, illegible handwriting, likely bleed-through from the reverse side of the page.]

if the swelling beate doff it with
flor unguentorum layd upon with
with a plaster of Diapalma. ³¹

To make the quintessence

Take 4 pint of Strong Aqua-vite
and 4 ~~ounce~~ of the spirits of Hiera
Picra new made, put it into the
Aqua-vite & shake it in a glass
with all together by it down and let
it in a warme oven or the sun 30
dayes together shake it every
day and in that space so long
strain it out & keep it for use
it will bring away dead child or
a after birth, it quibeth the wounds
if they have favours you must
give but 3 spoonfulls, if a feaver
come give it the 2d time give
them at the full & change of
moone if possible, it is good for
the spleen susseits & Jaundis
Palsy: The dose is 4 Spoonfulls

After the first.

32

Take a pint of fresh wine, put in
some sugar & a little balsam gourd
or dry boyle it & ad bit a spoon full
of good Gallot oyle, 3 blades of saffron
let the party drink of this.

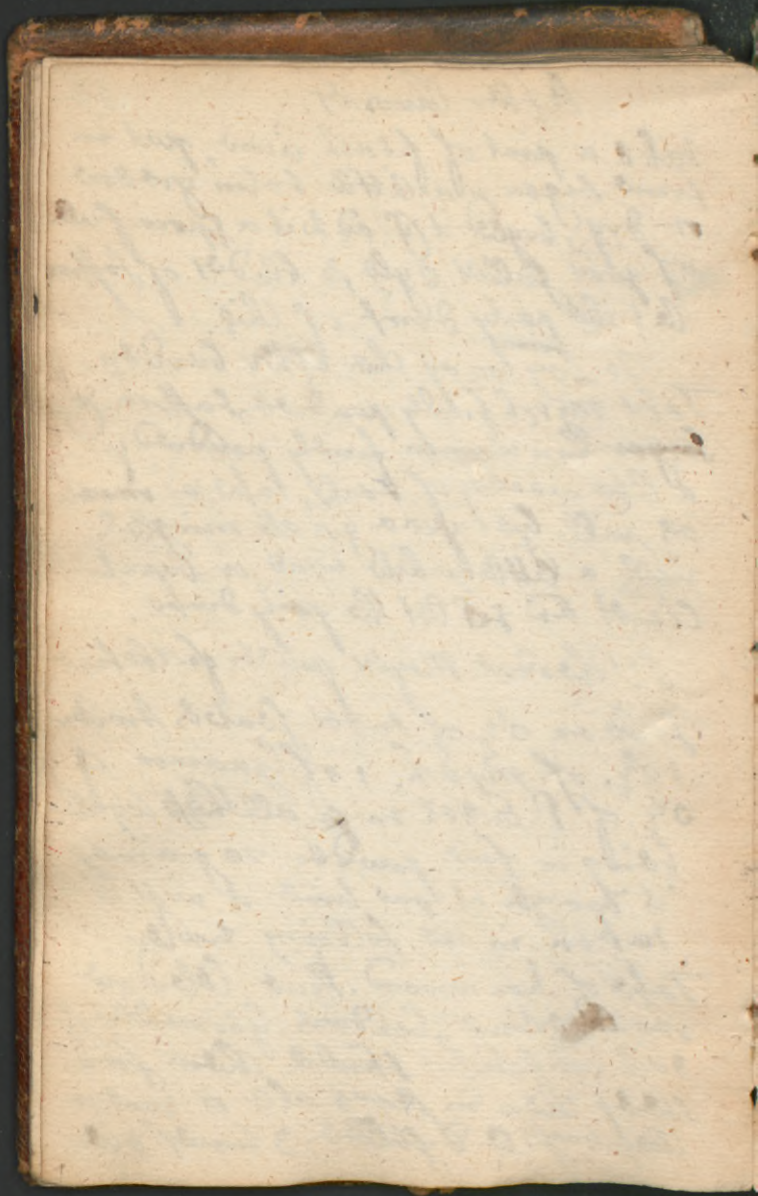

To try away the after burden.

Take myrrh finely powdered Saffron
Sugar Cinamon finely powdered
a like quantity of each, take a mouth
as will be upon a grate mingled
with a little white wine or Rhenish
Claret and so let the party drink.

St. Hieronys Mayre powder for the stone

Take an oz of sweet scented Amber
1 oz. of myrrh. 1 of Cinamon 4
oz of Rhenish wine all these together
being in fine powder 20 granes
is enough at your time, it must be
taken in the following water.

Take of horewood. True Colombine
mole medicine, Carduus. Germanander of
dark one handfull skidd them small
slay them in strong ale or vinegar
they must be digested 3 times over

words; the water being poured on the
herbs every time

33

for the same

Take the stonks of a herpe newly got
Sire them over the wall, & laye
in Vinegar all night, & take them
out Dry them on a fire or dish in
the oven beat them to powder
Searre them give as much as will
laye on a bed in any thing.

for the same

Take some Alo-^{pathica} & helde to of
nose of the party, set her ^{to} open her
bodye on in the bed, take a piece
of cloth as big as your hand quill
it with Cotton-wool & take 2
graines of Must 2 of Amber grise
let it be finely washed 2 of Civet
show it up the ^{white} quill upon it a
lawn bag lay this next the body
& put it so close up till it comes you
must keepe the woman upright in
her bed

for the same after delivery

Take the quantity of a ^{flay} of pomegranate
put it in posset ale & give it the
party to drinke

for myneyden after bread
take a quantity of B.S. of jett
give it in p[er]it abt.

Another.
take fresh slat & give in p[er]it abt
To stay them w^{ch} be much & to strengthen
the veins of the back & to stay of
whites.

take half an ounce of Venice turpentine
in wine wash in rose water one ounce
of birgott beaten well together till
like an ointment take 4 or 5 of
Oyle of Nutmegs mixt with it, take
daily morning as much as will lay on
a bruised part, and fast one hour
after, if troubled with distillation and
one ounce of conserve of Red-Rose

To lay up the mother w^{ch} hang down
Take the whites of 4 eggs halfe a pint
of white wine one Nutmeg grated
beat them altogether then let the party
drinke it in the morning fasting 3 or
4 mornings together and use the
following treatment.

Take hung-wort & steepe it in fresh butter
& boyle it till it cometh to be a膏, &

To stay the whites & strengthen of both
Take of upper part of the white of a new
Lays egg. Boyle it till it comes to water 34
put to it 4 or 6 Spoonfulls of red rose water
4 or 5 grains of Amber powder as much
of Corall as much hard Sugar as will
sweeten' into this quantity you 10
menny together

To bring fm down
make clod paper Als half white
wine half beer boyle in it a pegil
of broom-flower a few Com-mond
flower a little penutroyall w^m they are
left intally boyle thim in all water
& good draught with Symp of rayles
put in 20 grains of Croon of Tartar
Dinto this 3 or 4 menyhat 4 in the
Afternoon.

To stop the over flowing of fm w^m a woman
is debilitated

Take some of clods & burne to a crosse gr
lay it in a piece of Rask boyle apply
it to the humors body clod
pills to open the body & bring them down
Take halfe an ounce of blood Serrakina
a qdr of an ounce of Myrrh and as much
of softian boyle up to a fine powder
make fm up with wine of wood-orch take
3 night

to stay for an hour, come down in abundance
Take fish water greatly or small
pieces in hot water sit over it 3
or 4 times as you see for stay

To bring away after burden
Take Holy Doy. it is powder, give it
made also in bread and wine

Lavender, hinc, sweet majoram powderfull &
boyle all these in water wth the
parches lighter than and at her sit
over it till it begin to cool if need
her to bed if she may survive doe
this 3 or 4 times together.

For the Mother
Take a quart of Ale boyle or it of
mother. Stir of Motherhood a half full
wth enough strain it out, put into the
Ale a spoonfull of fine wheat flour
to boyle it a while, for take it off put
in a good spoonfull of English Honey
drinke a draught as you see need

To keep a woman from fainting
in France.
boyle in a little Claret a shrike Nutmeg
a Spring rofeman, in it is boyled
Sweeten it with sugar put in 3 or 4
grains of Oley or give it to drinke
To cause easy delivery
Take 2 pippins take out of Core
fill the holes with Earnings of sweet butter
if you will them to drinke easily flow all
night ~~take~~ them with sugar & dry
the same for a month before

A plaister for the Mother

The body is the Hystrick plaister of
drye rofeman with A Phanem p masser
and civit of each a grain in the matter
To prevent miscarriage.

Take dragons blood one dram powder
of red coral a dram of Oley ~~or~~
& Amber greece of each the weight
of 2 body corners, melt all these into
powder, give as much as will by upon
a pony in a little burnt claret ^{ming}
& drinke for a time, will serve
make a boath of plantain roots shred
poultre but give lemand p Oley. Baby
drinke it at your pleasure.

To stay a loofness in children
Take Linen more or less flower
and wine make a poultice of it for
a good try plaister lay it to the
navel. for the same

Take a Cocke Chicken p 2 ounces of
conserved of red waxes put it into the
belly of the chicken, p as much grease
sharpe as you can thrust in by the
ow it up put in a head of onion
a crust of bread boyle & softly take
the chicken to all to pieces & make it
shine it p it is filled with of
the chole. Often 2 or 3 times fully
at a time

For fits of the mother

Take halfe a pint of the juice of
Chorrell put it in a bottle of 16
beds to drink it.

For the mother in moods in head

Take the length of a felling in Walker
quilt it with fine cotton wool throw
in quaine or 2 of musk upon it then
lay some Gum Draggon on the dryes
which is best to the navel.

To prevent miscarriage
Take halfe a pint of red wine water

36
Take a pint of plaine water 2 row
layd ~~in~~ egg beaten very well as much
fine sugar as will fill ~~it~~, put it
together put on a fire till it begin
to thicken give the party 10 drubs

To prevent after paines
Take halfe a pint of Cardus pater or
much milked date as a large nut. as
much drubs as fine sugar as an egg
put all into a small glass set it in
your peepe downe a fortnight before
you use it take it 3 or 4 times a day
let this be the first thing you take
after delivring any waime.

To stop floodings & Tring = throats
Take 3 or 4 Elms the flowers & galls
drye in an oven after breade make
fine powder give from a halfe a
drum to a dram putt it 3 or 10 grains
of Symplic in powder give it in white
wine in case you doe not find otherwise
in claud warm repeat it after 3 courses
if use or else the powder of date flowers
in small cinamon water the same
quantity for the After burthen
Take a pint of good wensher wine put in
sourd sugar a little balsme dryed or green
let it boyle a quart of an hour lett it

3 blades of softon a full grower
of good white wood is, I will it
to you at my charge.

Toke 2 pound water & boyle with a
little Cinamon a few Almonds
blanch'd & p. make it into Almonds
milk & p. in it with y^e water
C Lagon & to drink it.

To cause sleepe in children
Take of powder of loughs as will lay
on a shilling, give it last at night
in a pebble also or bread.

To cause a puddy deliruy
Take the common roots dry & grate
in give the paily to drink & grate
as will lay of a shilling in a draught
of black wine.

To cure the piles.
Take 2 carls of castill soape & a pound
of scarlet as brown as your hand, lay
it on water in your own water, woule it
one of soape the cloth will be full of
salte to bath the place with this
scarlet as often as you can & lay a
cunnen cloth (which you p. scarlet

An oymment for the same
Take 3 hand full of Rindwort 2 of
pilswort root 3 of liquor 2 of
green wood kind

2 of Colts foot wood, 1 of Nettles chop
in small, by 1/2 in half a pound of
Sheep suet and half a pound of mallow
butter with a glass of a pound of fennel
in wine, till they be very well
stirred & spread on a cloth apply
For the Emunds.

Take flaxin roots with Beare uese
y^e clean boyls y^e in a quart of running
water sh^e in a Nutmeg dish a
draught 2 or 3 times

44 Blank Leaves Not Scanned

Spent by Kenneth's offering, the
no. 1000 of 2.5. 2000 & 4. 1000
from England. The total sum of
the order may be the remainder
to be the offering in the end of
the year at least a year or so

Being a very decent and obliging
woman coming to the table very
early and was with a dear
friend to get the a dear
collected by my hands in
a number of letters being
sent from the thought of
me that with a woman coming to
the end of it the rest of the
all the things which I have seen
many and would be lost if
I was in the room, the first
day looking to him for his
the same and his not the same
his 2 hours and the same from
in a night that the 2nd
of the 1st and desired to know of
the same as the 2nd from the
and seeing the rest of the
remains of the first and second
fall down of the first and second
that needs to be in the
the first of the 2nd in an
highly not why the 2nd from
the number of letters that the
and in that case the
is but only as long as the
of the 2nd and the 1st to the

Mr. [unclear]

[i.e. 1674.]

have sent for [unclear]: 74

a survey of the [unclear] and
 they have appointed such as should take
 Quett's part over for more companies
 France

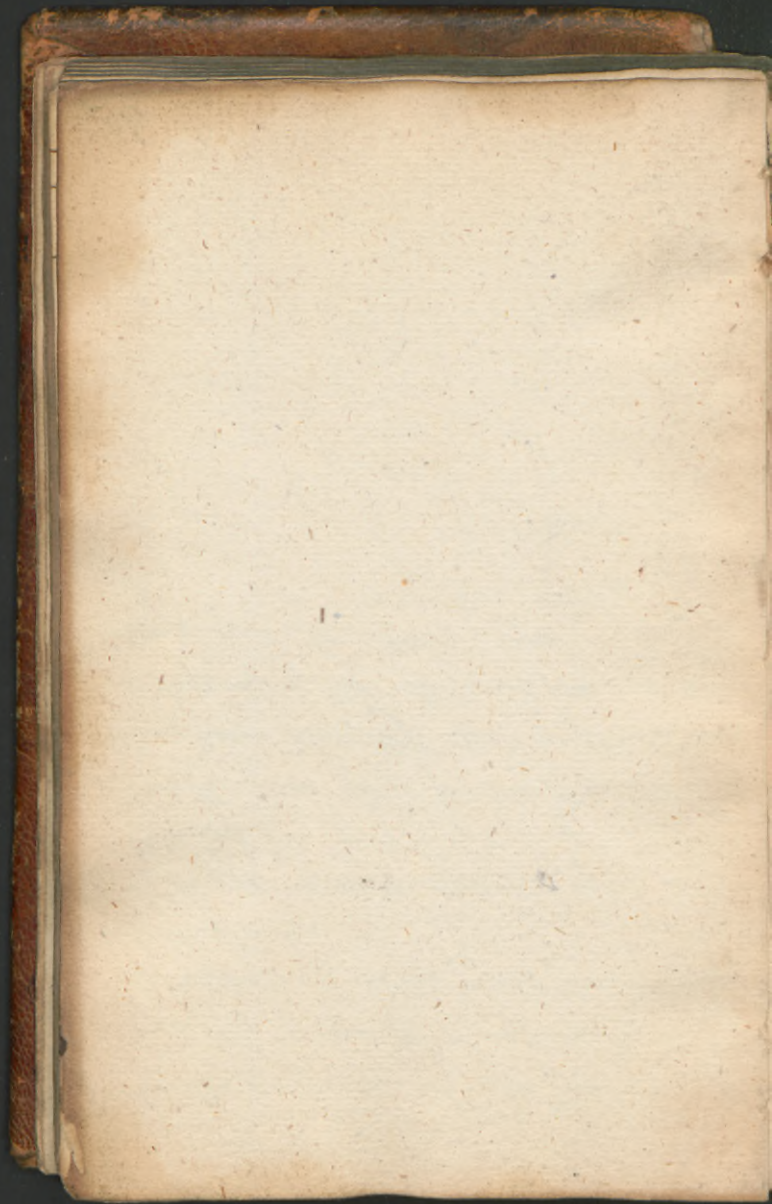

The news of this alteration was in
 in England.

his holyness of some great alteration
 3 months longer to carry news to
 The Pope's nuncio arrived at [unclear]

City of the [unclear] [unclear].

[Faint, illegible handwriting in blue ink, possibly bleed-through from the reverse side of the page.]
