COLUMBIA UNIVERSITY

NEUROLOGICAL DEPARTMENT

NEW YORK, October 6th, '17.

My dear Dr. Kolb: -

Thank you for your letter of the 4th instant; it was with regret that I learned from it of your inability to continue to be one of us at the Clinic; however, we all trust that when the activities of the times are less pressing, you may again see your way to give us a little of your time here.

We have appreciated, much, your work, and will miss you.

Very sincerely yours,

*Frederick Tilney*
